1. Locate a video in Psychotherapy.net. Click the cover of the video. Then click **View Video**.

2. When the video screen appears, a tabbed box will appear on the right. Click **Clips**.

3. Click the share icon (green box with arrow).

4. Copy the URL provided and share with your students. At this time the embed code does not work.

5. There are 2 methods for adding the link to your Blackboard course content.
   a. Go to Blackboard. Access your course. Under **Build Content**, select **Web Link** and paste the URL. Under options, be sure to check **Open in New Window**.

   b. A link can also be added into text by selecting Create Item. In the text box, use the hyperlink feature to link to the video. Remember to select **Open in New Window**.

5. If you have questions, contact Teresa Grimm at grimmtm@lakeland.edu or call 9 20.565.1033, ext
